# APPLICATIONS

MARINE . . . . .	4
SIDING . . . . .	5
SHEATHING . . . . .	6
UNDERLAY . . . . .	7

**Timber Products** is one of the nation’s largest and most respected manufacturers of a comprehensive range of wood products.

As an independently owned, fully integrated company with dedicated manufacturing facilities in both the western and eastern United States, we provide

immediate access to a vast selection of products and services. We’ve implemented new technologies to make our operations more efficient and our products more cost-effective. We can respond to your needs faster, with greater flexibility and with an absolute assurance of quality.

# BUILD WITH PURPOSE

ENGINEERED TO YOUR SPECIFIC NEEDS.

## SPECIES

Our products are made from a variety of tree species including Douglas fir, white fir, ponderosa pine, sugar pine and Okoume.

## GRADE

Depending on the panel, a variety of face and back grades are available.

## FINISH

Our softwood panels are available as full-sanded and plug-and-touch sanded. Certain panels also have a tongue and groove finish option.

## THICKNESS

Thicknesses can range from 5/16" through 1-1/2" and allow for customization.

## DIMENSIONS

All panels are available as 4' and 5' widths with 8', 9' and 10' lengths. **Cut-to-size** custom cuts are available depending on product.

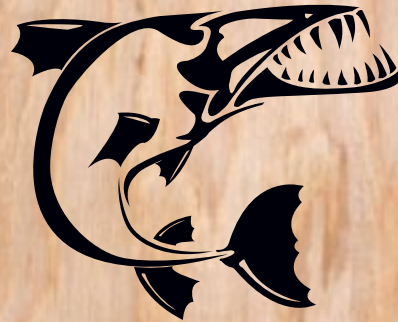

Because we're a fully integrated company, we can control every aspect of our process – from harvest to quality control and delivery. All of our softwood plywood meets performance standards as well as the toughest environmental requirements, and is ready to provide peak performance for your construction and fabrication needs.

We've implemented new technologies to make our operations more efficient and our products more cost-effective. We can respond to your needs faster and with greater flexibility than ever before. Timber Products is one of the nation's largest and most respected manufacturers of a comprehensive range of wood products.

**BarracudaPly™**

**MOISTURE RESISTANT**

# KODIAKPly™

## INFO / DETAILS

- KodiakPly siding is our name for T1-11 siding produced for your exterior protection needs. Our siding panels offer greater durability and variety of finishing options depending on project. The detail saw in our Grants Pass facility allows us to make precision cuts for siding groove patterns.
- KodiakPly siding maintains a long life cycle, but periodic sealing and maintenance is required to keep in shape.
- **Patterns available:** Plain (no groove), 4", 8", 12"
- **Lengths:** 8'
- **Thickness:** 11/32" and 19/32"
- **Species:** Douglas fir
- Available in 6 patch (premium) and 18 patch (sound grade)
- Available as KodiakPly Shasta Series. The same KodiakPly panel you know and trust, but with an Okoume face.

## KodiakPly™

## WEATHER READY

# SHEATHING

## INFO / DETAILS

- Our softwood sheathing panels are a great solution for your building needs. Sheathing is applied to the outer studs and rafters of a structure to form the roof and walls of the building. This provides a layer of protection from weather elements and serves as a base for siding and roofing materials.
- Sheathing has good moisture resistance with fast drying capabilities. It adds another layer of structural integrity to the building.
- Grades: CDX, CDX Struc 1, CCX and Rim Board
- Sheathing is available in the following:
  - **Widths:** 4' and 5'
  - **Lengths:** 8', 9', 10'
  - **Thicknesses:** 1/4" through 1-1/2"
- Panels are available as FSC® certified.
- APA PS1-22

## SHEER SUPPORT

# UNDERLAYMENT

## INFO / DETAILS

- Underlayment plywood sits on top of the structural subfloor to create a level surface for different types of flooring to rest upon. Whether it's carpet, hardwood floors or vinyl tile, underlayment plays a vital role in maintaining an even walking surface.
- Timber Products underlayment steps up to the job at hand to deliver a smooth product finish.
- Underlayment is available in the following:
  - Lengths: 8'
  - Widths: 4'
  - Thicknesses: 19/32", 23/32", 7/8", 1-1/8"
  - Custom sizes are available upon request and project needs .
